

PRESS RELEASE

Moss, 30.08.2016

Jula and ColliCare is expanding their cooperation. As of September the 15th 2016, ColliCare will deliver transport services/goods from Jula's central warehouse in Skara, to Jula stores all over Norway.

ColliCare has been a logistics partner for Jula on the European market since 2012, and is now pleased the partnership has expanded to include distribution in Norway.

On a weekly basis, approximately 90 trucks will be loaded in Skara and the goods distributed to 30 Jula stores throughout Norway, - from Kristiansand in the south to Tromsø in the north. A common long-term plan towards more effective distribution solutions, quality and environmental aspects has been important to Jula in the process of choosing the right logistics provider. Some of the trucks will run on biodiesel (HVO), the percentage continuously increasing to support the environmental policies and goals of both parties.

Both Jula and CCL are looking forward to finding better logistics solutions to reduce their environmental footprint, and become more cost efficient in the near future.

och Managing Director ColliCare Gothenburg Magnus Yverås

"During the procurement ColliCare Logistics has demonstrated an initiative and vision for the future in which Jula appreciates. We are very content with choosing ColliCare Logistics as our partner. They have shown us a complete solution which suits Jula's ambition to pursue a cost-efficient transport solution, and focusing on both quality and the environmental aspects",
states Pietro Montebovi, Customs & Freight Manager Jula AB

" We consider this expansion of our partnership with Jula as proof of the high quality of our services. We are looking forward to the positive effects of the solutions we create together",
states Magnus Yverås, Managing Director Gothenburg ColliCare Logistics

Julas vision is to: "make life easier for all kinds of professionals and DIY projects".

By offering creative and smarter logistics solutions, IT-solutions and a high level of service, ColliCare is working towards making life easier for Jula.
